You need to buy things to make lunch. You only have \$20. You go to the market to buy these things: Talk to the salesperson at the market, and see what you can buy.

You work at a market. You can sell these things:

Onions	1 bag = \$2
Lettuce	1 box = \$3
Peppers	1 jar = \$4
Apples	1 bag = \$5
Chips	1 bag = \$1
Tomatoes	1 can = \$2
Rice	1 bag = \$2
